COURSE CONTENT

A 4-day course of hands-on training with real patients

Enhance your surgical techniques in implant dentistry with our intensive course, designed for trained dentists. This intensive program combines lectures with hands-on training on real patients, allowing participants to refine their dental implant techniques.

Our program blends the latest clinical procedures with theoretical knowledge, enabling participants to execute key implant dentistry techniques effectively. Comprehensive teaching methods include didactic instruction, step-by-step surgical descriptions, and demonstrations of radiographic planning and photographic records, equipping students with the confidence and skills to perform advanced surgical procedures.

LEARNING OBJECTIVES

- Evaluate complex implant cases and develop appropriate surgical treatment plans.
- Perform advanced implant surgical procedures on live patients under faculty supervision.
- Apply full-arch implant treatment concepts, including All-on-X protocols.
- Practice advanced bone augmentation techniques, including guided bone regeneration, ridge split, and block graft procedures.
- Perform sinus augmentation procedures for implant site development.
- Apply immediate implant placement techniques in post-extraction sites, including esthetic-zone cases.
- Demonstrate clinical decision-making and management of intraoperative complications during advanced implant procedures.

Directors

Dr. Priscila Casado

As an Adjunct Professor at the Fluminense Federal University, she coordinates the Implant Dentistry Specialization Program and teaches in the Postgraduate Program in Dentistry (Doctorate and Master's levels). Her educational background includes a degree in Dentistry from UFF (2003), a specialization in Implant Dentistry, a Master's in Dentistry - Dental Clinics from UFF (2005), and a PhD in Morphological Sciences from the Federal University of Rio de Janeiro (2009).

With comprehensive academic and clinical experience, she is dedicated to advancing the field of periodontics and implant dentistry through innovative research, specialized training programs, and collaborative projects.

Dr. Carlos Mourao

Dr. Carlos Mourão is an Assistant Professor at the Tufts University School of Dental Medicine. He is a Brazilian dental surgeon who obtained his DDS in 2005 and holds Brazilian certificates in Oral and Maxillofacial Surgery (OMFS), Implant Dentistry, and Oral Medicine. With over 15 years of experience in private practice, Dr. Mourão also served as a Lieutenant (Officer) in the Brazilian Navy as a dentist from 2014 to 2019. In 2012, he earned a Master's degree in Surgical Sciences from the School of Medicine at the Federal University of Rio de Janeiro (UFRJ), gaining extensive experience in experimental research. He completed his Ph.D. in Dentistry at Fluminense Federal University (UFF) in 2017, focusing on clinical trials. Dr. Mourão further pursued post-doctoral research in Biotechnology at UFF from 2017 to 2022 and in Oral and Maxillofacial Surgery at UFF from 2018 to 2020. Dr. Mourão has published more than 230 indexed peer-reviewed articles.

Where is our Dental Implant course held?

The Fluminense Federal University School of Dentistry, located in Niterói, Rio de Janeiro, Brazil, is a prestigious institution known for its excellence in dental education and research. It offers comprehensive undergraduate and postgraduate programs, including specializations, master's, and doctoral degrees. Renowned for its state-of-the-art facilities and experienced faculty, the school emphasizes innovation in fields like periodontics, implant dentistry, and oral surgery. It also plays a significant role in community outreach, providing quality dental care to underserved populations.

Not only is it an ideal location for conducting dental implant classes, but the training will also have an added social aspect: all practical cases will be free for patients due to the high demand for treatments among the population.

What is included:

- Four days of live patient surgeries
- Four-star Hotel accommodation with breakfast included (5 nights)
- Lunch provided during the course
- Transportation between the airport and hotel (round trip)
- Transportation between the hotel and institute (daily round trip)
- Dinner featuring Brazilian cuisine on the final day of the course

Course Program

Day 1

9:00 - 9:30 am: Hands-on Implant Placement (dental implant system training)
9:30 am - 12:30 pm: Case Study, planning, and Surgery
12:30 - 1 pm: Lunch
1:00 - 6 pm: Case Study, planning, and Surgery

Day 2

9:00 am - 12:30 pm: Case Study, planning, and Surgery
12:30 - 1 pm: Lunch
1:00 - 6 pm: Case Study, planning, and Surgery

Day 3

9:00 am - 12:30 pm: Case Study, planning, and Surgery
12:30 - 1 pm: Lunch
1:00 - 6 pm: Case Study, planning, and Surgery

Day 4

9:00 am - 12:30 pm: Case Study, planning, and Surgery
12:30 - 1 pm: Lunch
1:00 - 5 pm: Case Study, planning, and Surgery
5:00 - 5:30 pm: Course feedback (PACE)
6:00 - 8:30 pm: Special dinner

* Every doctor will have their own assistant during the surgery.

** Cases previously planned by the faculty team, including hands-free and guided surgeries.
