CE Approved is approved for awarding FAGDIMAGD credit.

COURSE CONTENT

A 4-day course of hands-on training with real patients

Enhance your surgical techniques in implant dentistry with our intensive course, designed for trained dentists. This intensive program combines lectures with hands-on training on real patients, allowing participants to refine their dental implant techniques.

Our program blends the latest clinical procedures with theoretical knowledge, enabling participants to execute key implant dentistry techniques effectively. Comprehensive teaching methods include didactic instruction, step-by-step surgical descriptions, and demonstrations of radiographic planning and photographic records, equipping students with the confidence and skills to perform advanced surgical procedures.

LEARNING OBJECTIVES

- Evaluate radiographic information for implant procedures.
- Demonstrate and operate single implant placement.
- Practice techniques for multiple implant placements.
- Apply immediate post-extraction implant placement methods.
- Practice guided bone regeneration (GBR) on dental implant placement, including the management of platelet-rich fibrin (PRF).
- Operate guided implant placement tools and techniques.
- Management of complications in dental implant surgeries.

Course

Directors

Dr. Priscila Casado

As an Adjunct Professor at the Fluminense Federal University, she coordinates the Implant Dentistry Specialization Program and teaches in the Postgraduate Program in Dentistry (Doctorate and Master's levels). Her educational background includes a degree in Dentistry from UFF (2003), a specialization in Implant Dentistry, a Master's in Dentistry - Dental Clinics from UFF (2005), and a PhD in Morphological Sciences from the Federal University of Rio de Janeiro (2009).

With comprehensive academic and clinical experience, she is dedicated to advancing the field of periodontics and implant dentistry through innovative research, specialized training programs, and collaborative projects.

Dr. Carlos Mourao

Dr. Carlos Mourão is an Assistant Professor at the Tufts University School of Dental Medicine. He is a Brazilian dental surgeon who obtained his DDS in 2005 and holds Brazilian certificates in Oral and Maxillofacial Surgery (OMFS), Implant Dentistry, and Oral Medicine. With over 15 years of experience in private practice, Dr. Mourão also served as a Lieutenant (Officer) in the Brazilian Navy as a dentist from 2014 to 2019. In 2012, he earned a Master's degree in Surgical Sciences from the School of Medicine at the Federal University of Rio de Janeiro (UFRJ), gaining extensive experience in experimental research. He completed his Ph.D. in Dentistry at Fluminense Federal University (UFF) in 2017, focusing on clinical trials. Dr. Mourão further pursued post-doctoral research in Biotechnology at UFF from 2017 to 2022 and in Oral and Maxillofacial Surgery at UFF from 2018 to 2020. Dr. Mourão has published more than 200 indexed peer-reviewed articles.

Where is our Dental Implant course held?

Fluminense Federal University (UFF) School of Dentistry | Niterói, Rio de Janeiro, Brazil

The Fluminense Federal University School of Dentistry (UFF) is a respected public institution with strong academic training in periodontics, implant dentistry, and oral surgery. It also has an important community mission, with high patient demand and outreach-focused care, creating excellent clinical opportunities for hands-on training with real social impact.

Associação Brasileira de Odontologia (ABO) Santo André | São Paulo, Brazil

ABO Santo André is a major continuing education hub in Greater São Paulo, offering multiple specialization programs and a strong implant dentistry center. It also serves a large community demand and supports outreach-oriented care, ensuring a consistent patient flow and a highly practical learning environment.

What is included:

- Four days of live patient surgeries
- Four-star Hotel accommodation with breakfast included (5 nights)
- Lunch provided during the course
- Transportation between the airport and hotel (round trip)
- Transportation between the hotel and institute (daily round trip)
- Dinner featuring Brazilian cuisine on the final day of the course
